

IOEA 2024

The 21st session of the Institutional and Organizational Economics Academy will be held in Cargèse (Corsica - France) on May 20-24, 2024.

[The call for applications is now open!](#)

Using rigorous scientific methods, Institutional and Organizational Economics focuses on the theoretical and empirical analysis of institutions, organizations and contracts, as well as on the conditions under which these devices evolve. Over twenty years, the Institutional and Organizational Economics Academy has continually built up a dense and wide network of researchers and students interested in this dynamic field.

Objectives

- To promote the use of appropriate methods in order to analyze governance, structures and dynamics of collectives and communities.
- To provide researchers with up to date syntheses on the evolutions of the research program.
- To develop networking and cooperation among researchers and among their institutions.

Public

Ph.D. students, Post-doctoral fellows and researchers, in Economics, Management, Political Science, Sociology, Law and other social sciences.

Program

Formal lectures will be given every morning. Each lecture is dedicated to the extensive presentation of the state of the art of the discipline on a specific applied or theoretical topic.

Afternoons will be dedicated to workshops devoted either to research questions or methodologies. Seminars, held in the second part of the afternoon, allow the participants to have their work discussed by recognized scholars in the field.
